3-County Club Meeting To Be In Placerville

Mrs. Mary Hand Talks On Conservation At Loomis Meet

Invitation to meet in Placerville in May, was accepted by the Tri-County Federation of Women's Clubs, which met regularly on Friday at Loomis with a delegation of 19 members from Placerville in attendance.

Features of the convention meeting were a discussion of "Conservation," by Mrs. Mary Hand of Placerville, and the appearance of the Shakespeare Club choral, under the direction of Mrs. M. E. Raber.

Mrs. Hand, chairman of the tri-county federation's committee on legislation, spoke generally on the subject of "Conservation" and voiced a particular appeal for the preservation of the only virgin stand of California sugar pine, which is located near Yosemite National Park.

She urged the importance of contacting our congressmen at the earliest possible moment to urge them to ask that congress annex this area to Yosemite National Park, thus assuring its preservation for posterity.

Shakespeare Club members report they are very proud to have among their membership a speaker of Mrs. Hand's ability to present so ably a matter of such importance as this issue.

APPLY NOW FOR '37 CROP LOANS

Applications are now being received for 1937 emergency crops loans at the Farm Advisor's office, Placerville by El Dorado County representative of the emergency crop loan section of the Farm Credit Administration.

These loans will be made only to farmers who cannot obtain credit from any other source and will be limited to the farmer's immediate and actual cash needs for the production of his 1937 crops, and in no instance may exceed \$400.00.

As the funds allocated to the State of California for these loans are limited, farmers are urged to make application as soon as convenient in order to make sure the loan is approved before the funds are exhausted.

CATTLE BARON'S HEIR MURDERED

BUENOS AIRES (UP)—Two-year-old, Eugenio Pereyra Iraola, heir to a great cattle fortune reported kidnapped Wednesday, was found dead today in a cornfield near his father's famous ranch, La Sorpresa.

Jose Gancedo, former foreman of the ranch, who left a short time before the child disappeared, was detained by police for questioning. He had gone to nearby Mad Del Plata where he had shaved off his beard, police said.

Mob Of 200 Seeks Slayer Of Girl, 16

WEST CHESTER, Pa. (UP)—Police mounted machine guns at the windows and doors of the Chester County jail today to guard Alexander Meyer, confessed slayer of 16-year-old Helen Moyer, from an angry crowd of 200 steel workers who retreated shortly after midnight but asserted they would return.

One man who attempted to start an attack on the jail by shouting "bring him out" and "let's get him" was arrested and charged with disorderly conduct. Police said he was intoxicated.

Mr. and Mrs. Leslie Neilsen left Friday for Del Monte, where, we suspect, Mr. Neilsen will do some trap-shooting.

"PIRATES' PARTY" PROPOSED FOR MERCHANTS ON MARCH 13

Commerce Chamber Group Sponsors First Of Series Of Special Events; All Stores To Be Asked To Join

A "Pirates Party," first of a series of special events to be staged once a month, has been announced by the Merchants' committee of El Dorado County Chamber of Commerce, to be held on Saturday, March 13.

According to H. V. Jespersen of Cash Mercantile Stores, chairman of the merchants' committee, it is proposed to hold a "Pirates' Party" or some similar special event once a month, and April 10 has been tentatively designated for the second party of the series.

MAN MAY DIE IN CAR WRECK

Bailey Unconscious 13 Hours After Crash Near Nashville

Suffering from a fracture of the skull, and a broken collar bone, Harlow Bailey of Fairplay district, was still unconscious at Placerville Sanatorium at noon Saturday, 13 hours after the car he had been driving was wrecked on the Mother Lode highway near Nashville.

His companion, Jean LaRue, escaped with cuts and bruises.

The injured man was brought to Placerville Friday night about 11:30 o'clock by Theodore Rupley, who came upon LaRue at the roadside, waiting to hail a car for help.

Bailey and LaRue were enroute to the Fairplay district from Placerville, expecting to go to work. It is reported that Bailey had obtained work and upon learning that another job was available, had come to Placerville to get LaRue to fill the job.

The two men were paroled from the county jail on February 16, conditioned upon their making regular reports to the sheriff.

Bailey, convicted of assault, had been sentenced on November 31, 1935, to serve six months.

LaRue, convicted of statutory rape, had been sentenced September 14 to serve one year.

1937 LICENSES "MUST" MAR. 1

SACRAMENTO—Motorists who do not have their 1937 license plates on their cars by March 1, will be subject to arrest, Howard E. Deems, registrar of vehicles, announced today.

Orders to the California highway patrol to stop all cars bearing 1936 license plates and to give citations to those who cannot offer satisfactory evidence of having applied, were issued today by E. Raymond Cato, chief of the patrol.

Officers were instructed also to stop and warn all out-of-state cars, which have not secured 1937 non-resident permits.

NO WAITING FOR PONTIAC MODELS

Due to the far-sightedness of Pacific Coast dealers in keeping maximum car stocks during the period of General Motors production shut down, prospective purchasers are now able to obtain any one of Pontiac's numerous body types, declares Thomas M. Ray, Pontiac's Pacific regional manager.

The availability of cars for immediate delivery can also be attributed to the fact that Pontiac assembles its cars at the Pacific Coast plant in Los Angeles. A shut down of the Los Angeles production line was not necessary until 30 days after the eastern plant had closed. Labor difficulties were not felt in Los Angeles and, as a result, the assembly line there was able to maintain its output until a shortage of materials recently necessitated the closing of the Southern California plant.

Mr. Ray reports that production of the Pacific Coast assembly line will be renewed within the next fourteen or fifteen days. Shipments of parts from the east will begin at the start of the coming week.

Members of the committee will contact all Placerville business houses on Monday and invite their participation in the "Pirates' Party."

On the committee with Mr. Jespersen are L. A. Raffetto, E. E. Van Hurling and Perry S. Tracy.

The first "Pirates' Party" promises generous rewards for Placerville shoppers and, according to Mr. Jespersen, the proposed plan of operation is as follows:

During the week Placerville's newspapers will carry coupons in which the papers will be numbered. There will be no duplication of numbers in any paper. Numbers will begin at Number 1 and continue in rotation with an individual number given to each paper distributed.

Subscribers will take their papers, note the number, and then, taking their paper with them, will visit the various participating stores where valuable awards will be displayed.

If your paper carries a number 7, in the coupon, you visit the various participating stores looking for an award with a number 7 displayed on it. That is your gift.

Further publicity upon the "Pirates' Party" will explain development of the plan.

NEW ASSISTANT STORE MANAGER

Announcement was made Saturday morning of a change in the staff of the Cash Mercantile store, to become effective Monday morning.

H. V. Jespersen, manager, announces the appointment of Roy E. Walker of Grass Valley, to become assistant manager of the store, succeeding Alfred Haines, who is leaving the Cash Mercantile organization.

Mr. Walker is married and formerly has been connected with the J. C. Penney Company.

Mr. and Mrs. Haines are moving to Roseville.

PSEUDO COUNT HELD AS "VAG"

MIAMI, Fla. (UP)—Paul Terrell, 39, alias Count Eric Paul Von Ludwig, wanted by California, Nevada and Washington police on three different charges, today was under sentence to 10 days in the city jail on a vagrancy charge.

Terrell, who admitted he masqueraded as a "Count" when he eloped with a prominent San Jose girl who now is his wife, had been arrested by Miami police for questioning in connection with a recent \$1500 hotel payroll robbery at Miami Beach.

Detective Chief Earl Carpenter said he was convinced, however, that Terrell had no connection with the robbery.

Clear Sky, Fast Track For Santa Anita Race

By RONALD WAGONER
United Press Staff Correspondent
ARCADIA (UP)—Eighteen of the nation's best thoroughbreds run this afternoon in the world's richest race—the \$100,000 added Santa Anita handicap.

Clear weather and a fair track were predicted for post time, (4:15 p. m. PST.) despite a week of rain that had threatened to make the race a cinch for muds. But with a drying track the veteran Time Supply, owned by Mrs. Frank Carraud, was the likely favorite.

ENVOY—Formal recognition of the Spanish Insurgents was given by Italy recently when Roberto Cantalupo, above, was appointed to represent his government with General Francisco Franco, Rebel leader. He was formerly Italian Ambassador to Brazil.

Strikers Face Threat Of Jail

Leaders In L. A. Plane Factory Strife Sought

By UNITED PRESS
Two year prison terms for leaders of the sit-down strike in the Douglas Aircraft Corporation plant at Los Angeles were threatened today by the district attorney's office.

Court action was prepared by the Fansteel Metallurgical Corporation at Waukegan, Ill., against the committee for industrial organization and the sit-down strikers who had held its plant since February 17. The strikers were driven out by sheriff's deputies yesterday.

The United Automobile Workers union was reported to be ready to drop its demand for a 30-hour week in General Motors plants while union and corporation conferees watched progress of a strike and shutdown which threw 2700 out of work in two General Motors subsidiaries in Janesville, Wisconsin.

In Grand Haven, Michigan, 300 members of a union affiliated with the American Federation of Labor, returned to work after sitting down in a demonstration designed to balk reported attempts by the C.I.O. to start a strike. The management announced the volunteer sit-downers would hold the plant every night until the strike threat had passed.

MEET MAR. 3 ON CATTLE TESTING

The quarantine of California livestock and dairy products by other states has been threatened unless California speedily eradicates tuberculosis in its cattle to a point where there will no longer be a menace to the health of the public, according to an announcement received from the California Tuberculosis Association. The association has called a state-wide meeting of leaders of public health, public welfare and economic and service organizations to be held in San Francisco, March 3, in an effort to bring about unanimous action for a uniform, adequately financed, state-wide program for the eradication of bovine tuberculosis.

LEGISLATURE TO RESUME MONDAY

SACRAMENTO (UP)—The California legislature will reconvene Monday, after a five-week recess, to begin acting upon 4,000 bills dealing with nearly every subject known to lawmakers.

Outstanding among the subjects to be considered are social welfare, public health, public ownership, development of state-owned tideland oil pools and gambling.

Waters Rush Into Shaft As Cave-In In Old Stope Splits Bottom Of Creek

Mine Filling Rapidly; Officials Expect To Continue Surface Work; Will Unwater Property

Waters of Big Canyon Creek have flooded the Big Canyon mine, near Shingle Springs, and all development except surface work is at a standstill.

The property, employing 135 men, was thrown out of operation shortly after 6 o'clock Friday night when a stope left from earlier operations on the property began caving in and "piped through" clear to the surface, opening into the bottom of the creek.

BIG CANYON TO BE UNWATERED

Wet Weather Promises To Delay Start Of Work

"The mine will be unwatered, as far as I know now," declared J. M. Basham, superintendent of the Big Canyon mine at Shingle Springs, Saturday noon.

"Of course, we can't say when we shall start."

"We shall have to wait until we see what the depth of the water is. Then we will have to look around."

"The bed of the creek will have to be changed."

"There is so much water in the ground now that unwatering, if started immediately, would be a tremendous undertaking."

"I couldn't say just at this time when we will start unwatering. We will have to look around and then, it may depend to some extent on the weather."

"Our surface work will continue."

DATES SET FOR AMATEUR BOUTS

SAN FRANCISCO (UP)—The Pacific Association, A. A. U., senior boxing championships will be staged March 15 and March 19 at Dreamland Auditorium, it was announced today by Al Sandell, chairman of the local A. A. U. committee.

Championships will be decided by elimination in eight weight divisions. Eliminations and quarter finals will be held the first night and semi-finals and finals on the second night. Winners will qualify to represent the association in the national championships to be held in Boston, April 12-14.

5 Children Balked In Mass Elopement

BERKELEY (UP)—Five school boys and girls here, ranging in age from 13 to 15, were home today following what was reported to have been a "mass elopement" attempt to Reno, Nev., in a \$30 car.

The children, two girls and three boys, were stopped by authorities at Truckee and detained in the Nevada City jail until Berkeley officers arrived to return them home.

Child Film Player Auto Wreck Victim

HOLLYWOOD (UP)—Jane Withers, slightly 10-year-old screen star, was injured today in an automobile accident here. The little actress suffered a deep cut over her right eye and bruises on her head when she was thrown against the windshield of her mother's car in which she was riding.

OATH ADMINISTERED

WASHINGTON (UP)—Paul V. McNutt, newly-appointed high commissioner to the Philippines, was sworn in to office today in a colorful ceremony in the office of Secretary of War H. H. Woodring.

The circumstance that it was the time for changing shifts was responsible for the fact that not a man was hurt.

The water poured in so rapidly that it is reported to have risen in the lower levels at the rate of six feet in 10 minutes.

Superintendent J. M. Basham indicated to this newspaper Saturday morning that the property will be unwatered.

"We expect the water to come up about 75 feet above the Number One level, which is 250 feet below the surface," said Basham.

"The surface work will be continued and we will have work for some of the men."

Mr. Basham said that the mine is 600 feet deep and that the cave-in let the water through about 6:15 o'clock. By 7 o'clock the water was up to the second level of the mine, 400 feet from the surface.

"We had been watching for something like this," declared the superintendent. "We had been on the alert. There were only three men who had been working in the mine below where the water came in. Almost all of our work for some time past has been above the number two level."

WOLF PATROL IS WINNER OF KIT

At a regular meeting of American Legion Troop 67, Boy Scouts, Friday night, it was announced by Scoutmaster Frank Dayton that the Wolf Patrol of the troop, headed by Bob Sinclair, was awarded a first aid kit for selling the most tickets to the recent Father and Son's banquet held at the Federated church.

The selling contests were held among the various patrols of all troops, but the safety first kit contest was peculiar to the American Legion troop. Other patrol awards from other troops will be published as soon as announced.

BARTLETT'S WILL WORKOUT SUNDAY

"First sign of Spring" is the announcement of Manager Aubrey Warren that the Placerville Bartlett's will hold their first practice Sunday afternoon at Marcus P. Bennett, Jr., Memorial Park.

Warren hopes to see all of those who were on the club last year turn out, and in addition is hoping that there will be some new material in the field, too.

"Anyone who would like to play with the club is invited to come out," Warren said.

Soil Conservation Urged By Roosevelt

By RICHARD HARKNESS
United Press Staff Correspondent
WASHINGTON (UP)—President Roosevelt, in a personal message to all 48 governors, asked every state today to join the federal fight to guard land resources from ruin by dust storms and floods.

"The nation that destroys its soil, destroys itself," Mr. Roosevelt warned in requesting that each state executive sponsor of local soil conservation laws similar to a department of agriculture model bill.

Chummy Little Confab

The Age Of Reason?

In considering the reason given by proponents of reorganization plans for the United States Supreme Court, one comes to some "blank wall" conclusions.

If 70 years should be the retirement age for Supreme Court Justices, why not for U. S. senators and representatives? If a man past 70 is no longer capable of considering governmental, legal and economic problems on the bench, is he any more capable of considering them in congress?

Supposing younger judges had rejected the same acts of congress as unconstitutional, as did the present court. Would there be agitation for their removal?

Many laws proposed by senators and representatives under 70 years of age do not lead one to have confidence in their intelligence.

The egotism of a younger generation is often astounding, but in the present case it passes understanding.

GRANGE NOTES

Shenandoah Grange
Shenandoah-Willow Springs Grange held a busy session at Plymouth Saturday night. After Master B. L. Crain had announced the names of those drafted to serve on committees for the ensuing year, a discussion of the need for additional fire-fighting equipment ensued.

The fine work of James Smith and his crew from Mt. Zion fire lookout station was lauded but the Grange felt there should be another truck located near the center of the county.

The result of the meeting was that the Grange will circulate petitions at once asking the Supervisors of Amador County to provide the necessary equipment for effective fire control before the dry season is here.

The secretary was instructed to write Senator Pierovich and Assemblyman Mayo asking their support in the prevention of a change in the law that would again permit commercial fisherman to take and sell striped bass.

PARADE OF SPORTS

By HENRY McLEMORE
(United Press Staff Writer)

ORMOND BEACH, Fla. (UP)—Women golfers have about as little nerve as a pickaninny caught in a grave yard at midnight, and until they get more, their scores always will be as water unto wine when compared to those of men.

This isn't my opinion, and even if it were I wouldn't dare express it, what with this little town practically over-running with women golfers for the South Atlantic championship. The opinion belongs to Dorothy Traung of San Francisco, and was given to me after she had trounced that Minneapolis red head, Patty Berg, in a quarter-final round match.

Miss Traung said I could quote her on the subject because "maybe when I read it in print it will make me so mad that I'll try and have a little more nerve myself."

The San Francisco girl said she was just as lacking in courage as the rest of her comrades, but hoped to add a little to her game before the nationals rolled around.

"If I can get bolder, off will come strokes. And what's true of me is true of all the rest," she said. "If you don't think I'm right about women lacking nerve, just watch us putt for a while. Do we try to knock the long ones in? Not much! We are perfectly content to lay the long ones up dead, and take our pars. Because we know if we miss we'll have a tough one getting back. Boiled down, here's the chief difference between the games of the good women players and the good men players: The men go hunting for birdies. Nothing else satisfied them. The women are satisfied with pars. Let us get on the green in two, and all we think of is getting down in two more for our precious little par."

Nerve is not all that Miss Traung wants to gain before the national, of which she was runner-up to Virginia Van Wie in 1934.

She wants to gain 25 or 30 pounds. I was a bit surprised when Miss Traung told me this for most of the modern girls are inclined to think in terms of grapefruit and dry toast and a figure patterned after a graceful fence rail. And I was doubly surprised when I learned she already weighs a neat 163.

That 163 seemed enough. But no—she wants to tee off in the national at Memphis 194 scalewise.

"No more dieting for me," she emphatically declared. "The full life, if you get what I mean, is the one for me. I learned my lesson in 1935. I weighed 194 when I went to the national final in 1934. But immediately afterwards had a girlish yen to be willowy and lithe and graceful as a butterfly. So I started starvation rations. Down, down, down, went my weight but—up, up, up went my score. I dieted all through 1935 and didn't win a match. The slender Traung was beaten in the first round of the Canadian, the first round of the open, and the first round of the western.

"That cured me. I went back to dear old bread and butter and milk and chocolate bars and sundaes and deep dish pies. And now I'm hitting the ball better than I ever did."

At 23, did Miss Traung think this was her year to take the national? "Not if Glenna Vare plays. She's too good for us. She has shots we don't know about. If she doesn't play, then I think I have a chance. This is if I find that nerve and those pounds."

Heading North Again

By Harry F. O'Neill

LOTUS

Sunday, February 14, we had our heaviest rain storm of the present winter, the water taking out several bridges across the creeks and doing much damage to the roads throughout the county.

Harvey Lyon, the meter reader for the P. G. & E. at Placerville, was in our town Thursday checking up on all those using the juice.

George Williamson, the taxidermist and trapper of wild animals, who resides in the Rescue district, has been trapping for some time past and meets with good results. On Wednesday last on the Henry Bacchi lands he caught seven skunks. On his line of traps near here Williamson has something over 200 traps and is busy every day taking care of them. He meets with good success and his furs bring a good price.

Manfred DeHass and wife came up from their Oakland home on Saturday evening and visited at the home of Mr. and Mrs. J. A. Hansen. Sunday they drove some distance above Placerville to see the snow, returning toward evening. They returned to Oakland Monday evening.

Ted Hodapp, fruit man for the Lambert Marketing Company, in Placerville, was in our town Thursday interviewing some of the fruit growers.

E. J. McKenney, wife and son, Elwin, came up from Sacramento Friday evening and on Saturday Earl Coppin and wife arrived and the three men worked in their mine, putting in Monday and returning to their homes Monday evening.

Al Roberts and wife drove up from Oakland Sunday and visited with Mrs. Roberts' sisters, Mrs. Hattie Gregor and Martha Grover, in Placerville, and came to Lotus to call on Mrs. Irma Lawyer and also at the Rasmussen home. They went from here to Georgetown to visit relatives and from there back to Oakland, putting a total of some 400 miles on the new V-8.

The Gold Trail 4-H club held a very interesting meeting at the Lotus school house Saturday afternoon. The leader, Mrs. Miller, had a valentine party for the members and this was followed by a meeting of the club. There were two visitors, Thelma Fleming and George Clough. Miss Wilma Potter is the reported for the club.

A surprise party was given Saturday afternoon at the home of Mr. and Mrs. George T. Metcalfe in honor of Mrs. Metcalfe at their home in Coloma. The many lady friends gathered at the house and spent the afternoon at card playing and other games and general conversation. Among those present were Mrs. Violet Reaside, Miss Nellie Reaside, Florence Hines, Irma Lawyer, and daughter, Miss Ethel, Mrs. Ida Herzog, Mrs. Marcella Herzog, Mrs. Ella Norris and the hostess, Dorothy Metcalfe. TENNIS "PRO" FINDS REWARD

By GEORGE KIRKSEY

NEW YORK (Copyright, 1937, By United Press)—Frederick J. Perry, the dashing Briton who traded his amateur lawn tennis standing for American dollars, didn't make any mistake. He has been on tour 52 days and collected approximately \$61,000. That's \$1,173 a day and the tour still has 63 days to go.

Francis T. Hunter, who with his partner, S. Howard Voshell, is conducting the Perry-Vines tennis tour, estimates that Perry will collect nearly \$100,000 for his tennis services alone by April 30. He has a chance to pick up another \$25,000 or \$30,000 with appearances in England and France after the United States junket.

BEARS OPPOSED TO DUAL MEET

BERKELEY (UP)—A plan, reported from Chicago, for big ten and Pacific Coast conference track and field stars to meet in a contest in Los Angeles on June 26, was opposed by athletic leaders of the University of California.
